Describe the educational and informational objective of the program and how it meets the definition of Core Programming

TURBO DOGS, is an animated show based on the books (Racer Dogs) by Bob Kolar. This series follows a group of six dogs from Racerville who love to compete with one another in races. In each story, one or more of the dogs encounter and solve problems that teach them social-emotional lessons on good sportsmanship, teamwork, cooperation, playing fair, and friendship. The show also imparts information on the mechanics of racing like directionality and the concepts of distance and time. The social-emotional messages are embedded through the stories using action and humor. The tags at the end of each episode reiterate and establish the educational message learned by the dogs.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming			
THE ZULA PATROL teaches science and astronomy facts to a target audience of children 4-8 years of age. The Zula Patrol is a group of six animated aliens, headed by Captain Bula, who carry out a variety of scientific space missions. During their missions, Captain Bula and his crew often encounter their foe, Dark Truder, and his minion, Traxie, who are trying to take over the universe. Over the course of the story, the audience learns different facts about specific space topics such as stars, planets, orbits, moons, asteroids, comets, gravity, and space probes. The information is then highlighted during a segment where crew member Professor Multo delivers his summary of scientific facts from the story. Typically the stories also provide a social-emotional tag based on tolerance and non-violent conflict-resolution.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming			
MY FRIEND RABBIT models constructive problem solving for young children, ages 4-8. In each episode, the story characters find themselves facing a different dilemma that is drawn from a typical childhood experience.			

Rabbit and Mouse usually lead us through creative problem solving, which involves tenacity and working in teams. The group may figure out how to make the most of a bad situation, invent toys from everyday objects, solve some of nature's riddles, respect their differences, or take care of others who need a little extra help. The characters specialize in converting a challenge into a social activity filled with optimism, creativity and humor. The series helps children learn to think out of the by showing viewers how the characters work together to come up with possible solutions, and persist with new ideas when one solution fails.

WILLA'S WILD LIFE is a new animated series centered on a six-year-old girl, and her menagerie of animals. Willa's Wild Life lives at home with her father and pets an elephant, a giraffe, a pair of performing seals, a bear, penguins, and lots of rabbits. In each episode, Willa's Wild Life faces a challenge at home, in school or in her neighborhood. With her animals and best friend Dooley as key elements of her team, Willa's Wild Life works on solutions to overcome her challenge. Together they find ways to maintain healthy friendships, experience success, develop competence and become altruistic. With help from her animal friends, Willa's Wild Life figures out how to earn the things she wants by helping others. She learns to appreciate the friends that she has rather than trying to change to fit in with the "cool" group. She realizes that asking questions is better than jumping to conclusions. Whether at school, home or in the neighborhood, Willa's Wild Life finds a way to analyze her situation and learn from experience.

THE ZULA PATROL teaches science and astronomy facts to a target audience of children 4-8 years of age. The Zula Patrol is a group of six animated aliens, headed by Captain Bula, who carry out a variety of scientific			

space missions. During their missions, Captain Bula and his crew often encounter their foe, Dark Truder, and his minion, Traxie, who are trying to take over the universe. Over the course of the story, the audience learns different facts about specific space topics such as stars, planets, orbits, moons, asteroids, comets, gravity, and space probes. The information is then highlighted during a segment where crew member Professor Multo delivers his summary of scientific facts from the story. Typically the stories also provide a social-emotional tag based on tolerance and non-violent conflict-resolution.

The main character, Shelldon, is an orphaned yoka shell mollusk who was adopted by the Clam family, and now lives with them in the family-owned Charming Clam Inn. Dr. Shell, an elder and venerated inventor, and Connie, a cowry shell classmate of Shelldon's also live at the inn. Shelldon and his buddies Herman (a Hermit crab) and Connie always work together and solve problems that they face in school or in the community. A recurring problem is to staunch the plans of the local millionaire, Cecil Cracken, whose greed puts making money over protecting the environment. Dr. Shell is typically the children's key provider of knowledge and other resources. In each episode, the children learn a significant socio-emotional lesson and also share information relating to their ocean habitat and environmental protection.</p>
